Dr. David Coletto – Abacus Data's CEO

David has seven years experience listening and interpreting what voters, consumers, and opinion leaders want and expect from government, business, and the non-profit sectors. He has worked with some of Canada's largest corporations and some of its smallest issue and advocacy groups.

He received his PhD in Political Science from the University of Calgary where he taught Research Methods to undergraduate students.

David is the Pollster for Sun News and a Visiting Fellow at the Arthur Kroeger College of Public Affairs. He is frequently called upon by news media for his unique perspective on public affairs, millennials, corporate citizenship, and political party finance. He co-authored a chapter in the recently released book *Money, Politics and Democracy* (eds Young and Jansen, UBC Press 2011).

Methodology

From June 23rd to June 24th, 2011, Abacus Data Inc. conducted an online survey among 1,005 randomly selected Canadian adults from an online panel of over 150,000 Canadians.

The margin of error—which measures sampling variability—is comparable to +/- 3.2%, 19 times out of 20. Results of the survey were statistically weighted by gender, age, region, education, and past federal vote using census data from Statistics Canada and by past vote using Elections Canada results from the 2008 General Election. Totals may not add up to 100 due to rounding.

These questions were posed as part of the Abacus monthly Omnibus.

Libya Questions

Q: Do you think Canada, the US, Britain, and other countries are right or wrong to take military action in Libya?

Q: Overall, do you think military action in Libya is going well or badly?

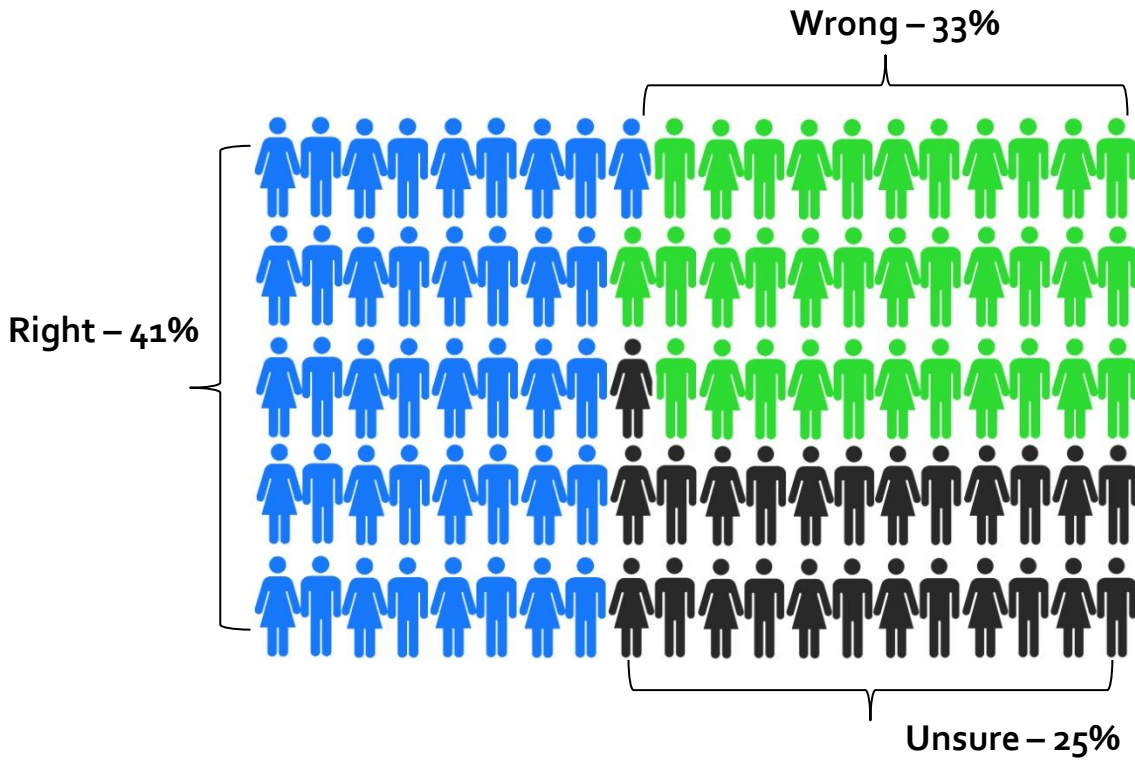

For more information about the poll's methodology, visit the Abacus website at www.abacusdata.ca
